

## Swap Rules

1. Place your yarn on the correct table according to its weight
2. Take a token for each skein you brought
3. You can look but you may not move into a hoarding pile until the shopping signal is given
4. Place a token in the jar for each skein of yarn you take
5. When you are out of tokens you are finished shopping.
6. No food or drinks around the yarn. Keep sticky hands off the yarn. You'll need both hands anyway.
7. No grumpy Gretchens or Selfish Sallys allowed. This is supposed to be fun!
8. If there is yarn left over for any reason, we will decide its fate as a group. Where will we donate the rest?
