

Swap Rules

1. Place your yarn on the correct table according to its weight
2. Take a number from the bowl
3. You can look but you may not move into a hoarding pile until the shopping signal is given
4. We will go in numerical order to pick our yarn choices. The first few rounds will be one skein per round, after that we will increase the number of skeins you can pick per round.
5. No food or drinks around the yarn. Keep sticky hands off the yarn. You'll need both hands anyway.
6. No grumpy Gretchens or Selfish Sallys allowed. This is supposed to be fun!
7. If there is yarn left over for any reason, we will decide its fate as a group. Where will we donate the rest?
